### ***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance:

In a method for producing individual folded labels from a ribbon of labels comprising the steps of providing a ribbon of labels having at least one folded over portion to result in a folded ribbon, and attaching a plurality of devices to the folded ribbon of labels, the prior art does not teach or make obvious the concept of subjecting the folded ribbon and plurality of devices to sufficient heat and pressure during a continuous, uninterrupted linear advance to set the fold, advancing the folded ribbon and plurality of devices to a cutting station, and ultrasonically subdividing the folded ribbon into separate, individual folded labels having cut edges in the manner claimed by the applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
